Average Daily Burndown
1.78 Points

Estimated Completion Date
Mar 17, 2023

- Our planned velocity for the previous sprint was 35 points which we met
- Our planned velocity for **this sprint (3)** was 25 points
 - We were able to achieve this
- Velocity Change
 - The velocity change was primarily the group unanimously wanting to have a slightly reduced workload for this sprint as we were approaching midterm season and did not want to overcommit and under-deliver
